GL - Times Literary Supplement

The best-selling Oxford Dictionary of Literary Terms (formerly the Concise dictionary) provides clear, concise, and often witty definitions of the most troublesome literary terms from abjection to zeugma. Now available in a new, fully updated and expanded edition, it offers readers increased coverage of new terms from modern critical and theoretical movements, such as feminism, and schools of American poetry, Spanish verse forms, life writing, and crime fiction.

It includes extensive coverage of traditional drama, versification, rhetoric, and literary history, as well as updated and extended advice on recommended further reading and a pronunciation guide to more than 200 terms. New to this fully revised edition are recommended entry-level web links. Boasting over 1,200 entries, it is an essential reference tool for students of literature in any language.

I couldn't sleep if I didn't get this breaking news to everyone right away!

The image above is provided by the Interactions Imagebank, which is an amazing collection of particle physics related images and materials, including large galleries of the LHC! Anyhow, back to this breaking science.
