

time without the Law of God, and who were denoted by the colt. For, as sinners, says Auctor Imperfecti, are the horses of the devil, so are the saints said to be the horses of Christ, although Christ loves mild asses, rather than fierce and proud horses. The Gentiles are mystically signified by the colt, while the Jews are represented by the ass. According to Lapide, the Lord begins by riding upon the ass, but enters Jerusalem upon the colt; for the Gentiles would be the first to receive Christ as their King, although the Jews were the first to receive the Promise. Still, the ass too is led into the Holy City by the Good Jesus, for all Israel will be saved (cf. Romans 11:26).

Disaster Planning And Response For Food Processors

Disaster: the word alone congers images of your facility in the worst possible condition; people not understanding what happened, not knowing how to respond to the event or what to tell the media, if anything, and more. But it doesn't have to be that way if you have an emergency plan in place. What is an emergency versus a disaster? By definition, a disaster is any event
